R E P O R T

[To accompany H. Res. 349]

The Committee on Rules, having had under consideration House Resolution 349, by a nonrecord vote, report the same to the House with the recommendation that the resolution be adopted.

SUMMARY OF PROVISIONS OF THE RESOLUTION

The resolution provides for consideration of the bill H.R. 1867, the National Science Foundation Authorization Act of 2007, under an open rule with a preprinting requirement. The rule provides one hour of general debate equally divided and controlled by the chairman and ranking minority member of the Committee on Science and Technology.

The rule waives all points of order against consideration of the bill except those arising under clauses 9 and 10 of rule XXI. The rule makes in order the amendment in the nature of a substitute recommended by the Committee on Science and Technology as an original bill for the purpose of amendment. The rule waives all points of order against the amendment in the nature of a substitute except clauses 9 and 10 of Rule XXI. The rule provides that notwithstanding clause 11 of rule XVIII, no amendment to the committee amendment in the nature of a substitute shall be in order except those printed in the portion of the *Congressional Record* designated for that purpose in clause 8 of rule XVIII and except pro forma amendments for the purpose of debate. Each amendment so printed may be offered only by the Member who caused it to be printed or his designee and shall be considered as read. The rule provides one motion to recommit with or without instructions. Finally the rule provides that, notwithstanding the operation of the previous question, the Chair may postpone further consideration of the bill to a time designated by the Speaker.

## EXPLANATION OF WAIVERS

The waiver of all points of order against consideration of the bill and against the amendment in the nature of a substitute (except for clause 9 and 10 of Rule XXI) includes a waiver of Rule XIII, clause 4(a), requiring a three-day layover of a committee report.
